

Reminder to parents/guardians

I'm sending out balance letters today. Please be looking for them. School is almost over for the summer. **If your children have a negative balance on their meal account, please do your best to bring that current.** The National School Lunch Program is not permitted to carry any negatives into a new school year. Thanks for your attention to this. I really do appreciate it.

On another IMPORTANT note. . . if your children were Free or reduced eligible THIS school year, you **MUST fill out a new application** before school begins in the fall. All eligibilities will **automatically EXPIRE** on October 18th if you have not filled out a new application. PLEASE don't let your children accrue a negative balance because you haven't done this.

THANKS! Have a great summer, enjoy your kids
