Good Afternoon,

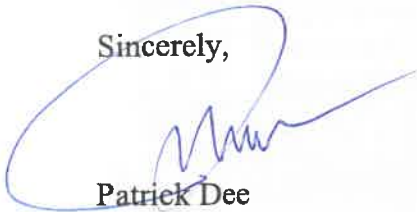

October 28, 2021

I wanted to take a moment to share an update on our daily COVID screening process. Effective Monday, we will no longer be sending out the daily RAPTOR screening email. We've found that given what has been learned about COVID and its transmission, it is not an effective tool. We are confident that our community is aware of the signs and symptoms of COVID and as such have been doing a very good job keeping sick students' home.

As we continue to move forward I would ask that parents continue to remain aware of how your children are feeling and if they are ill or have specific COVID symptoms, please keep them home to limit potential spread.

We will continue daily temperature checks when students arrive at school as another line of protection. Again, thank you for all that you do to help keep our community safe.

Sincerely,

Patrick Dee
Superintendent of Schools
